FIELD HUNTER'S CLUB NEWSLETTER

PRESIDENTS MESSAGE

Hello and welcome to the last message before the AGM. We still need people to join the committee to help run the club. We only have 4 people on it at the moment and after work and family commitments we have little time to run the club.

We have about 300 members on our books so some of you need to step up and help. **It isn't a time consuming task and we only need help occasionally to run and organise events so give it a thought.**

The sheep are dropping lambs soon and our hunting trips are starting up so make sure you see Mark Brown, join in and give him a hand.

Some members are concerned that they haven't received a newsletter lately this is due to the fact we haven't sent one out! Without content it is a waste of time sending one. Your email address is still in our system and you will receive something from us at some stage. See you all at the AGM.

Andrew Yeomans.

Hunting's future depends on you

Hunting is an important cultural pastime in Victoria. Tens of thousands of Victorian, interstate and overseas game hunters generate thousands of jobs and contribute hundreds of millions of dollars to the State economy, particularly in rural and regional Victoria. When you are enjoying Victoria's great hunting opportunities, be mindful that the future of hunting depends on how you conduct yourself as a hunter. Every hunter should be an ambassador for the recreation.

As a responsible hunter, you should always:

Respect animals

- Only take what you can use
- Make optimal use of harvested quarry (have a minimum/no waste approach)
- Shoot only when you can retrieve your quarry
- Shoot only when a humane result is possible
- Use the right equipment to effectively and humanely hunt animals
- Look after your hunting dogs

Respect the environment

- Take all your litter (including empty cartridges) with you
- Bury or remove animal remains
- Drive only on designated tracks
- Keep campfires safe
- Leave your campsite clean
- Protect our wetlands and waterways (e.g. don't leave animal remains in or near waterways)
- Take part in efforts to protect and restore wildlife habitats

Respect other hunters

- Be respectful and courteous if hunting or camping in the same area as other people
- Be safe and abide by the law so everyone is on a level playing field
- Share your knowledge and skills with others

Respect the hunt

- Hunt safely and abide by the Firearms Safety Code
- Lead by example
- Respect our cultural heritage
- Always hunt within the law and report illegal behaviour
- Uphold the highest ethical standards
- Promote and praise good behaviour
- Know your skill limits and hunt within them
- Improve and maintain your skills through practice and/or joining a club

Respect non-hunters

- Help others and be courteous
- Thoughtfully carry hunting equipment and harvested quarry (e.g. cover quarry during transit)
- Respect the opinions of non-hunters
- Only enter private property with permission
- Share the harvest with a non-hunter and promote the culinary/sustainability benefits of hunting

Respect the laws

- Take time to know the laws and act within them at all times
- Work with Authorised Officers; they are there to help you and ensure safe, sustainable, humane and equitable hunting
- Don't tolerate illegal behaviour - report suspected offenders on 136 186.
